

8/15/17

Tuesday, August 15, 2017 12:38 PM

Who's in lab: Ayesha, Salma

Made SOB buffer (Protocol in written notebook)

Made CMMB80 buffer (protocol in written notebook)

There were no colonies on the plates from 8/14/17 transformation.

Started overnight cultures with Michelle's "highly competent cells" of DH5a and BL21 strains as the seeding stock.

Tomorrow: Competent cells w/ Tyler and Michelle (all day)
