Who's in Lab Today: Ayesha

Four of the petri dishes stored in the 4 deg fridge fell out as I opened the door.

The petri dishes that fell were the following:

- 1) 6/09/17 PET28 + CJB BL21 Transformed IPTG induced.
-fell out of fridge w/ cap off
- 2) 6/29/17 LC1539 BL21 (DE3) PLysS Kan/CAM
-fell out of fridge w/ cap off
- 3) 6/29/17 Amp 1853 TOP10/pTMM0100
 - Fell out of fridge and could not find cap!

These three petri dishes were replated
